satisfy both the students and the parents. I warn the Government and I have every right.....

MR. SPEAKER.—I have every right to have it expunged.

SRI S. SIVAPPA.—That is the privilege of the Chair and I am not questioning it. Your childern and my childern are going to forego the studies. It is a big problem. Tomorrow the students may again go on strike. What will be their future? These are the problems to be solved by the House.

MR. SPEAKER.—The Hon'ble leader of opposition has made himself very clear. It is a matter of public importace. Let everybody know. If I permit it and if he is not going to use it in a manner in which he ought to, and he begins with a warning, what will be the position? Let him not do that.

SRI S. SIVAPPA.—You have been very sincere in allowing us to speak. But, Government also should come forward with their solutions. I am questioning the Minister in charge of the portfolio. This is not the way that he should answer such a serious question.

MR. SPEAKER.—Order, Order. When I call the House to Order, there should be Order. I suppose the matter is over.

SRI S. M. KRISHNA.—This is not over. This is not a responsible attitude of the Government.
